NEW GOODS! NEW GOODS!!

AT

Creech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Why, just look, the streets filled with drays all loaded with new Good's

FOR CREECH'S.

Just received, 27 CASES OF DRY GOODS, containing a large and varied assortment; and when you talk about Dress Goods, and what you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and now opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 8 cents per yard; want you look at them at 10 cents? and cant you afford to buy them at 12½c.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best Assortment in the City? You that do not know it, come and look at them and let you that do know, come right along and buy what you want. I have got some for the boy's, plenty for the youth's. A fine supply for the young men and enough to keep the old gentlemen warm, so why not spend a few moments at Creech's and satisfy yourselves?

There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed a-long
The listning winds received the song.
COME TO CREECH'S.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $1.00! Do you want them cheaper? same quality. Cant find them! Do you want them finer? I am just the man that has them, 5, 7, 8, 10, 12, 15, 20, 25 and $30 a piece. Do you want them finer still? Just say so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and just a little more & hole in them, so you had just as well come to Creech's and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right. Prices right; Styles right; and did you know that Creech's is the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets; Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands and I hope, by strict attention to business, representing goods as they are and in every instances giving you the worth of your money, to continue to share a liberal portion of your patronage.

A. CREECH.

CONSERVATIVE CANDIDATE.
For House of Representatives.
DR. J. B. DUNN,
SPECIAL ELECTION 26TH NOVEMBER, NEXT.

We are authorized to withdraw the name of MR. J. J. OVERBY, as a candidate, and to say that he will support Dr. Dunn, the regular nominee.

A RESTRICTED CONVENTION.

Our object in alluding so frequently to this subject, is not to create a new public opinion, but if possible, to state what we understand to be the wishes of the people. Situated as we are, perhaps, our position enables us to ascertain what their wishes are, somewhat more easily than others.—Yet we do not assume that our information is thorough or perfect. Hence we are favorable to a calm discussion of the subject.

We regard it as the most important subject which now disturbs our people—one about which there should be a clear understanding and great unanimity. We have said, that on no subject of so great importance, have we found the people so unanimous, as the necessity of the call of a Convention to amend the Constitution, and equally harmonious are they as to the particular amendments deemed necessary. We have seen nothing to change this opinion. The only points about which we discover a difference of opinion among the friends of amendment, are, first, the *time* of doing it and secondly the *manner* of doing it.

No one wants a Convention to make a Constitution for the State, *de novo*; at least, no one advocates it. If there are any who desire such a Convention, we do not go with them. Neither the necessities of our condition nor sound policy, favor the call of an open or unrestricted Convention. But some still hold to the old but now obsolete idea, that the very nature of a Convention to make or change the organic law, demands that it should be open and untrammelled. This might be true, if it were also true in any practical sense, that the acts of a Convention are the people's acts. But is it not a palpable truth, that this idea is merely theoretical and intangible, and that the people do not admit the acts of their representatives in Convention to be their acts, until they have been ratified by them by specific vote? A contemporary says, "it is quite wrong in supposing that the Convention can be limited or restricted in any way save by the Constitution of the United States." Why did it not give a substantial proof of this position, instead of its *ipse dixit*? We have seen no such substantial reason from any quarter, but the old idea has been repeated traditionally from period to period, and some people take it for granted that it must be so, in the face of the known fact that in many of the States restricted Conventions have been held, and in the State in 1835 such a Convention was held, after the question had been fully discussed by the ablest men of that day. Who ever doubted the validity of the amendments to the Constitution made by the Convention of 1835, because it was a restricted Convention?

But all are agreed, that the *present* Constitution is so palpably unsuited to our people and imposes such onerous burdens *that it ought to be amended*. If so, why not now—the sooner the better. Well, say some, we would like to have it by all means—would like to have it changed now, but hush! it wont do to talk of it, or have it done now. There is danger in the attempt. Well, but there is certain death to the State, to let it remain as it is for a day longer than it can be amended. Have you seriously thought of the consequences to the people of the State of enforcing the present Constitution for the next two years? We have survived its ruin so far, simply because the Radical party who adopted it, have not enforced it! In many of its important features, it has been a dead letter, under Radical rule. The Radical party as a party will oppose the amendments we propose, not because those amendments will injure the State, but for the two-fold reason, that if the Democratic Conservative party attempts to enforce the Constitution as it is, they know it will kill the party outright, and if on the other hand we succeed in amending the Constitution in the particulars we propose, it will break up the den of thieves among us and therefore kill the Radical party. Look what they did at the last session of the late Radical Legislature. They laid a tax bill, ignoring the Constitution, which they knew would not produce an income sufficient to meet the expenses and appropriations necessary to carry on the government for the year 1870-71, for the reason that they apprehended their defeat in the August election, knowing that if the Conservatives succeeded, the unpopular burden of providing the means of carrying on the government the next year would fall upon us, which they hoped would destroy our party. We showed by actual figures some days ago, that to attempt to carry out the Constitution and the Radical government for the year 1871, would require upwards of $5,000,000! We challenge a successful contradiction of this statement. Now, to enforce the Constitution as it is and carry on the government under it for the next two years, the Democratic Conservative Legislature must provide in some way, to raise about $9,000,000. It must do that, or ignore the Constitution altogether. Which horn of the dilemma will the Democratic Conservative party take? to ignore the Constitution, or attempt to impose the burdens required by the Constitution on the people the next two years, or shall we amend the Constitution? We say, emphatically, let us amend the Constitution.

But if you attempt to do that, some say you would bring not only the negro voters in a body against you, but the whole power of the Federal government against you, and the Congress will remand the State back to a territorial or military government. We regret to see such timidity, such weak-kneed proclivities still among our people. A faint heart never wins, and our imaginations are more fruitful in the invention of "chimeras dire," than facts or history. As to the negro voters, we can demonstrate to any intelligent man among them, that the amendments we propose to the Constitution are as important to them if not more so, than to the whites. Every novice in the science of government knows that *all taxation* to carry on a government *is a tax upon labor alone*, either directly or indirectly. As the colored people among us perform the greater part of the productive labor of the State, it is plain that they and the poor laboring whites are to be the greatest sufferers from high taxation. And how is excessive, prostrating taxation to be avoided, if the present Constitution is carried out?

But Congress will interfere. Why? We do not propose to offend Congress an iota. We are opposed to doing anything in opposition to the requirements of Congress in the matter of reconstruction. We only insist upon undoing what Congress did not require of us. We only want to amend what the Radical party of North Carolina wickedly and wantonly imposed on us over and above what Congress demanded of us, for the purpose of their own aggrandizement—to give them a chance to rob the State and burden the tax payers for their own benefit. If the Radical party in the State Convention that framed the present Constitution, had been honest and wise men, they would not have touched any part of our old Constitution except so much as was necessary to conform it to the will and requirements of Congress. If they had done only this, the Republican party could have controlled the State for a quarter of a century. It is what they did over and above what Congress required, that we object to and want to change.

We repeat, we advocate no change in our organic law which Congress demanded of us—no change which interfers with the rights and privileges secured to the colored race by our present Constitution or the Constitution and laws of the United States. We would oppose any such changes. Nor would we touch the rights of property or the homestead provision of the present Constitution. We are opposed to an open Convention, but we favor distinctly and nothing else, the passage of a law by the approaching General Assembly, submitting to the people the call of a Convention to make specific changes in the present Constitution, such being carefully and specifically inserted in the law, and forbidding all others. We want done, only what is necessary to be done to enable the people of the State to live and recuperate, and to restore the State to her former high character for integrity, law and order and the prosperous pursuit of the arts of peace.

THE SPECIAL TAXES.

A correspondent in Northampton inquires why the special tax collected last year has not been allowed as a credit on the assessment of the present year, according to act of Assembly passed for that purpose, or, if it has been allowed as a credit to the counties, why the relief has not been extended to the individual tax payers.

In answer to the inquiries of our correspondent we can only state what we incidently gather, in part from verbal information, and in part from information furnished by the records, which put together amounts to about this:

When the Radical Legislature had made all that could be made out of the extravagant appropriations of State bonds, and had come to the conclusion to repeal these appropriations, it became necessary to make some disposition of the special tax money that had been wrongfully collected to pay the interest on these repudiated appropriations; hence the act requiring that this special tax be refunded *pro rata* to the counties.

In the meantime the Legislature authorized the Treasurer to use this special tax money to meet the current expenses of the State government, including the seven dollars a day to the members. Provision was subsequently made, that this special tax money, thus used, should be replaced with the taxes collected this year.

Herein we behold the wisdom of this sapient body of Legislators. They collect an illegal tax; *ordered* it to be refunded to the counties, without, as the Treasurer says, making any provision as to how this was to be done; use this same special tax money for current expenses, and then lay a tax insufficient, if the order be carried out, to replace it.

If the law passed by the Legislature to credit the counties with the amount of special taxes paid by them, had been carried out, the regular Revenue act for the present year would not have more than covered the amount levied, and the counties would not have had to pay a cent of State tax this year.

As it is, the special tax money was used up, the taxes of the present year taken to replace it, and the law giving the counties the credit is a dead letter. About thirty of the Sheriffs of the State, however, have refused to settle, because the credit ing them by the Act of the Legislature was not allowed by the Treasurer, and this creates a tremendous hiatus in the special tax fund, for the present.

O, wonderful Legislators! O, incomparable financiers! The effects of their action are likely to be felt by the people for some time to come, and will scarcely ever be forgotten. The Treasury is as clear of money now as a dog is of a soul, or a full blooded Radical is of honesty, except this special tax fund, ordered to be refunded to the counties, but which has not been done.

FAYETTEVILLE EAGLE.—Our friend and cotemporary, the *Fayetteville Eagle*, mistakes our position when it says, that the SENTINEL thinks the Legislature has the power to restrict or limit the powers of a Convention. We have not intimated such an idea. Our position is, that the General Assembly should pass a law, submitting to the people the question of deciding whether or not a Convention shall be called of limited power, restricting its action to the specific amendments supposed to be desired by a majority of the people of the State.—The General Assembly in that case assumes no power to call a Convention, but leaves the question with the people entirely. If the people were to reject the proposition, that would be an end to the matter for the time being. The people and the people alone, in our judgment, have the power to call either a restricted or an open Convention, and of their power and right to do the one or the other, we think there can be no question. As to the matter of postponing the question to a future time, we beg to submit to our cotemporary and all others who think with it, the arguments of our leader in to-day's issue.

For the Sentinel.

AMENDING THE STATE CONSTITUTION.

MR. EDITOR: A great majority of the people are in favor of having our State Constitution amended in several important features. To effect this is one part of the mission of the Conservative party. The only question is how to set about it most wisely and safely. Many advise the call of a Convention. If both parties would unite in this it would be well; but the Radicals were tested on this point last winter and refused, and we can rely upon no change in their policy in this respect. The call of a Convention therefore, would have to be made by our party almost exclusively.

I have a few suggestions on this subject, perhaps worthy of consideration, and I offer them as the partially matured opinions of one who is alive to our responsibility as a party, and who feels that we can do the state great good if we act prudently and judiciously.

Our party is not strong enough in the Legislature to call a Convention. The Radical members will not aid us, or if they did, a few of them, it would be with a view of working our ruin.

Were a Convention once called by us, however we might seek to restrict its powers, forthwith legions of Radical demagogues, from press and hustings, would raise the false war cry against us of "revolution," "overthrow of reconstruction," "hostility to the Federal government and Congress," and all those other old absurd, yet talismanic watchwords by which they have so long misrepresented our purposes. They would alarm the colored man by proclaiming his privileges in danger, and threaten the poor man and debtor with the loss of his homestead. They would plausibly argue that a Convention cannot be really restricted, and even maintain that our proposal to restrict it was a trap to catch the unwary and cheat them afterwards. We know how wickedly slanderous all this would be; but who can tell how many thousands of voters would be misled by such means? Federal jealousy and money would be enlisted, also, to defeat our upright aims. And a Convention *might* very likely be chosen that would not carry out the true purpose of its call. It is a risk to try it; and in case of failure at any stage of the process, Conservatism here would be defunct. Be it not forgotten that thousands who now even clamor for a Convention because they want amendments made, would, upon a nearer view, begin to dread what else a Convention might do. Is it wise, then, for us thus to stake *all* on one uncertain throw?

What can and must we, therefore, do? To me the answer seems plain. Let the General Assembly, which has the necessary *three fifths* Conservative majority in each House, make one grand proposition of Amendment to the State Constitution, said proposed amendment to embrace those obvious and pressing alterations of the present instrument, which nearly everybody desires to see made, to wit: a reformation of the Judiciary Article, of the County and Township system, a diminution in the number and pay of officers, and other manifestly useful and desirable changes.—Leave out of the proposed Amendment *everything of doubtful utility* and of *doubtful popularity*, too. Put in only what an overwhelming majority wants done.

This plan is safe, useful, prudent, and Conservative, and it will win!

Two years hence we can go before the people on the platform of such an amendment and carry the State by fifty thousand. In a little over two years the whole amendment can be perfected and go into operation; and our organic law can thus be safely, as well as effectually, reformed in the more essential particulars. A Convention could not perfect its work and get it into operation in much less than one year. So the Legislative plan will only take some eighteen months longer than the other, and is perfectly safe and certain, while the Convention plan is full of risks. From all we have suffered, have we not acquired both fortitude and forecast enough, as a people, to choose the *surest* road out of difficulties? Besides the patience it might require, we should also live in hope; for we could see just ahead the day of our certain redemption, and the people would know at each step just what they were asked to approve.

As an incident to all this, the proposed plan will insure the permanent ascendency of the Conservative party. That were a small thing except that we shall *lose* whilst we *rule*! *In hoc signo vinces!*

ROWAN.

We are not impressed with the propriety and utility of the plan of our friend "Rowan." We believe it is safer to let the people say at once, whether or not we shall have a restricted Convention with specific instructions, and we think, there will be a sufficient majority in the Legislature to do it, and the people will ratify it. Legislative amendments of the organic law are not best in our judgment, except when the amendment desired is so trivial as not to justify the expense of a Convention.

Eight thousand Deputy Marshals are to be sworn in for the city of New York on the day of election, to act as a sort of advance to the strong military force which has already been concentrated there. These marshals will have the power to call in the military whenever in their wisdom they may see fit.

The Petersburg Fair closed on Friday last. Taking the late disastrous flood and adverse circumstances into consideration, it was a decided success.

For the Sentinel.

IN A BAD FIX.

Editor of the Sentinel:

I must say that our county officers are in a bad fix. Sometime ago our county Commissioners issued a proposal to receive bids for the winter's supply of wood. The Commissioners met, Maj. Hardin in the Chair, ready to open bids for wood, when lo, and behold! to their disappointment, there was not a bid! Don't you think our officers are likely to suffer with cold? We feel sorry for them. The finances are managed so badly that all confidence is lost. Even our county Treasurer has failed, up to this time, to give his bond. How can he? The party has failed, notwithstanding Phillips went over at the last moment to save it.

There is another matter that is exciting some surprise, and that is, parties having suits in our Court are looking up their papers and can't find them. One or more parties have just finished a day's examining of the records and, so far, they are disappointed. Kirk must bear the blame, as he occupied the office while *here*. Papers and money are missing, so the rumor goes.

Our county is certainly in a bad way—*no officers—no wood—no credit*; what are we to do under *Radical rule*? Can't you suggest some plan for wood for this county?

ALAMANCE.

THE STATE FAIR—BLAIR'S EXCHANGE HOTEL.—We, the Associate, attended the N. C. State Fair at Raleigh. The display was extensive and pleasing to behold, and most creditable to the industry and skill of our North Carolina farmers and mechanics The Ladies' department, and the dear creatures themselves, added largely to the attractions of the exhibition, always indispensable to the success of such an undertaking.

We tarried with Maj. J. M. Blair, of the Exchange Hotel, and fared sumptuously. "Blair's Exchange," is the crack house in Raleigh, and not excelled for most excellent accommodations and special attention to the comfort of guests, by any hotel in the South. It is located on Hillsboro' street, near the Capitol, convenient to all the public offices and very near the business portion of the city—a most desirable location for ladies and gentlemen, on business or for pleasure.

Our stay in Raleigh was most pleasant, and much of the pleasure of the occasion is due to Maj. Blair, and to the kind attentions which we received at the hands of the press and printers of the city, to one and all of whom, we hereby tender our sincere thanks.—*Statesville American.*

FRANKLINTON CONVENTION.

The delegates to this Convention are requested to meet together on FRIDAY THE 11TH DAY OF NOV. next, at 12 o'clock M., at Franklinton, in order to nominate a candidate of the Conservative party for the House of Representatives of the United States, in the place of the Hon. Robert B. Gilliam, deceased. A full attendance is anxiously desired.

WM. EATON,
President.

October 24, 1870.

MAYOR'S COURT.—His Honor disposed of the following cases yesterday morning:

Geo. Mackien, col. arrested for disorderly conduct on the streets; fined $2.

John Mowatt, charged with making a disturbance in a house occupied by himself and Mac Strong; bound in a sum of $100 to appear at the next term of the Superior Court.

Sandy Long, col. charged with stealing a pistol, the property of Lt. P. H. Ray, U. S. A. lodged in jail in default of a $200 bond.

Chas. Hunter, col. arrested for assaulting Jas. Bell, white; bound over in the sum of $100.

AUCTION AT 11 O'CLOCK.—Remember the sale of a very fine Piano, destined for our Fair but delayed at Petersburg. It is highly recommended by resident musicians, particularly by Prof. P. A. Bohlman, of Raleigh Female Seminary.

WORRELL SISTERS.—Next week these celebrated actresses, accompanied by a troupe of talented actors and and actresses, will visit our city and occupy Tucker Hall on Monday, Tuesday and Wednesday nights. The attractive features of this Company are so numerous that we have not the space to enumerate them here, but will refer our readers to our advertising columns and the posters on the streets.

BRIGHTEN UP.—Our friend T. H. Briggs is getting in a large additional stock of hardware and house furnishing articles, milling apparatus, &c. Among other things is a very insignificant and very cheap, yet very useful article—Bath Brick—for furbishing up table knives, brass and irons, door knobs, window glass and the like, which every house keeper knows so well the use of. Call and look at his new goods.

SETTLE UP.—We call attention to the notice of Mr. Heide, in another column, in which he requests those indebted to him to call and settle. He requests us to say that his sojourn in Raleigh has been pleasant and he regrets to leave, but his business interest requires that he remove to Wilmington, where he will always be glad to see any of his Raleigh friends and customers.

GEN. EARLY'S APPEAL.—We recall to the minds of ex-Confederate officers and soldiers, the appeal of Gen. Jubal A. Early, to meet him in Richmond, Va., on the 3rd inst., to consult upon a suitable Southern monument in honor of the late Gen. R. E. Lee. We hope North Carolina will be well represented.

THE BAPTIST STATE CONVENTION.—The Biblical *Recorder* says the Convention of Baptists to meet in Raleigh next week, will be the largest ever held in the State. The hospitality of our city was heavily taxed during the week of the Fair, but Raleigh lost nothing by it. The presence of strangers among us brings us prosperity, and besides, the Bible makes hospitality a christian duty. We were pleased to learn that during the late Synod of the Presbyterian Church, other denominations threw open their houses for the entertainment of delegates, we presume the same courtesy will be extended to the Baptists, and sincerely hope that every one of the hundreds who shall attend this Convention will return to their homes pleased with our beautiful little city.

Members of the Hook and Ladder Company are reminded that their regular monthly meeting will be held this (Tuesday) evening, November 1st., at 7½ o'clock, at Fireman's Hall.

IF you have sallow, color of skin, or yellowish brown spots on face or body, dullness, drowsiness, frequent headache or dizziness, bad taste in mouth, tongue coated, internal heat, unsteady appetite, low spirits, gloomy forebodings, you are suffering from liver complaint or biliousness, and nothing else will relieve and cure you so speedily and permanently as Dr. Pierce's Alt. Ext. or Golden Medical Discovery. Sold by druggists. A pamphlet sent free. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Universal Favorite.—Nobody believed before the introduction of PHALON'S VITALIA, OR SALVATION FOR THE HAIR, in the possibility of a preparation for reviving the natural color of gray hair, as clear and pure as water as the atmosphere and as limpid as alcohol. Everybody believes it now. The old nostrums are discarded, and the Vitalia is admitted to be a perfect success. Sold by all druggists and fancy goods dealers.

CONGRESSIONAL DISTRICT CONVENTION.

It will be seen, that Hon. Wm. Eaton, of Warren, President of the late District Convention at Franklinton, has summoned the delegates of that Convention from the several Counties of the District, to meet at Franklinton on Friday the 11th inst. at 12 o'clock, M. to nominate a candidate for Congress in place of the late Judge Gilliam. It will be seen that Mr. Eaton responded promptly, but the absence from the city of the Chairman of the Central Executive Committee to whom it was addressed caused the delay in its publication. We append the list of the delegates from Wake County to the Convention. We regret that we have not the list of delegates from all the Counties of the District to publish. It is desirable that we shall have a full Convention, and that every man in the District who would consent to accept the nomination, will be present also, ready to accept and to enter at once upon the campaign, to prevent delay.

SOUTH CAROLINA ELECTION.

The following telegram from Columbia, S. C. to the New York *World*, puts the farce of the late election in South Carolina in its true light. Such conduct on the part of the Radical party, makes our popular elections worse than a farce:

"The election in this State is over. The result is the actual subversion and destruction of the franchise in South Carolina. On the seaboard and islands, the negroes in savage crowds held the ballot-boxes, and crammed them with all the Radical tickets sent to them. The negro women were even more violent than the men; and, with arms in hand, these brutal mobs attacked, beat, and drove off every man, white or black, who showed or tried to vote the reform ticket. In the middle counties the negro militia did the same service, and although negro boys of fifteen to twenty years of age were seen to vote, no white man ventured to challenge them. Not only minors, but felons, well known convicts for burglary, grand larceny, &c., voted, and repeated often enough to count from five to ten votes each. The conservative negroes only exhibited their sentiments passively, by staying away from the polls. In the upper counties, where the white population is in the ascendancy, the people were overawed by Grant's troops in addition to Scott's negro militia. The law of violence and intimidation controlled everywhere; savage negro mobs on the seaboard, negro militia in the middle country, and negro militia and United States troops in the up country. It is ridiculous to call this an election.

COUNTING THE VOTES.

Besides all this, the present infamous election law, passed by Scott's Legislature, keeps the whole matter, as it was designed to do, in the hands of the robber crew. Three commissioners are appointed by Scott for each county, who have the entire control of the election. These, in every instance, are Scott's tools. They, in turn, appoint their creatures managers at the different boxes, and when the polls close the boxes are all placed in the private custody of the three commissioners, and kept by them for ten days, during which time *they count the votes privately* and declare the result. Nearly all these commissioners and managers were *candidates* on the Radical ticket in the late election. Hence very little interest is felt as to what their returns will be. It is taken for granted they will report heavy Radical majorities everywhere, except where the fraud would be too transparent, to which the white population is vastly in excess. This is the whole history in few words.

BASE BALL.—We are requested by the Washington (colored) Base Ball club of this city, to invite the citizens of Raleigh to witness the trial of skill between that club and the Cape Fear Mutual club of Wilmington, on the afternoon of the 2nd inst.

The latter club will arrive by the train from Goldsboro' this evening, and will be met by the first nine of the Washington club at the depot. The game will come off Wednesday afternoon, in the eastern part of the city, at what is known as the "star grounds."

The players of the Washington nine are, H. Nash, C. F. Thomas, P., W. Barker, 1st B., Charles Matthews, 2nd B., M. Branch, 3rd B., G. L. Stewart, S. S., H. Hill, L. F., J. W. Winslow, C. F., W. R. Davis, R. F., J. W. Winslow, Capt., G. L. Stewart Pres., W. Barker, Sec. and Treas.

THE WEEKLY MARKET JOURNAL, published in Philadelphia, contains a full report of the Produce market, useful and valuable information, and a large amount of choice miscellaneous reading matter. The *Journal* is furnished, prepaid, for 70 cents a year. Address, J. B. Hunter, Editor, 105 North Water street, Philadelphia.

Accidents will occur even in the best regulated families, and "*Spalding's Glue*," should be kept handy.

NEVERMORE.—Can the coarse, gritty tooth powders and tooth destroying chemical fluids find a place on the toilets of sensible people. The fragrant and preservative *Sozodont* has superceded them all.

NEW YORK.

NEW YORK, Oct. 31.—A police circular has been issued to the force, saying that the Federal and State registration, and the election of officers must be protected in their duties, while access to the polls must be kept open to voters. The circular adds, there is no doubt of the power of the police to keep access to the polls open, and repeats with emphasis, the access to the polls must be kept open.

The *Herald's* City of Mexico special says, it is indignantly denied that Ledro Rojas slapped Romero's face. The first nine sections of the Tehuantepec Railroad bill has passed, the remainder will be passed this week.

The *Herald's* correspondent at the head-quarters of the army of the Loire, says the Prussians are in force at Verdun and other good positions. On the French side everything stands still. General Dunrolle has left the camp for Tours. The health of the troops is good, food abundant, but the morale is low; everywhere fears of treason are expressed. The people are for peace, and the army for peace at any price. The strength of the army at Loire does not exceed 60,000.

FOREIGN.

LONDON, Oct. 31.—Paris advices via Prussian headquarters are quite serious. Prisoners report that the troops within the fortifications reserve only half a pound of meat twice a week. Many of the French women and children approach the Prussian lines, despite the threats of being shot, preferring death by bullets to starvation.

The rule in Paris excluding strangers and preventing the departure of citizens is rigidly enforced.

VERSAILLES, Oct 31.—Invitations have been sent to the rulers of various South German States to come forward and witness the bombardment of Paris.

VIENNA, Oct. 31.—The Prussians still demand the cession of territory from France as preliminary to peace.

At the opening of the Cortes to-morrow, the party of the left will present a proposition of censure against the government for its course in the matter of Amadeus candidature.

LONDON, Oct. 31.—The first India mail via Brindisi, Italy, was dispatched from there on the 25th inst. The event was celebrated by a banquet.

Official accounts show that Germany has furnished 865,000 men to the French war, including 115,000 from South Germany.

The Swiss government asks the Prussians to allow a weekly courier from Paris with dispatches to neutral Powers.

TOURS, Oct. 31.—Bourbaki in view of the capitulation of Metz, has issued a proclamation to the soldiers of Lille, dated yesterday, in which he says he has been called on by the Minister of War to command the army of the North. His purpose was to organize immediately corps de armee well provided with materials of war to go to the aid of besieged fortresses. He would give his best attention and his life, if need be, to the work which the government and all citizens must now pursue, namely, national defence. General confidence must now be had. Soldiers and citizens might count upon his devotion and he should count upon their patriotism. The endeavors of his life belonged to the common work to punish the enemy and avenge France.

The journals of the city to-day announced that should the Prussians succeed in cutting railway communication with the North, French vessels of war will carry the mails between France and England.

VERSAILLES, Oct. 30, via TOURS, Oct. 31.—On the receipts of the news of the capitulation of Metz, patriotic demonstrations were made in the city. All public places were closed and reunions were held.

FOREIGN.

The war in Europe has caused a great scarceness in Millinery goods and yet Hester's new store on Fayetteville street opposite Tuckers, continues to receive great variation of the finest quality and latest styles at New York prices.

The great number of orders received from all parts of the State, and the liberal patronage of the Ladies of RALEIGH, has been truly encouraging to this new establishment, for which the undersigned returns many thanks, and promises to continue the usual promptness in filling orders, and an earnest effort to please all.

PAIN KILLER

DAVIS & PERRY PROVIDENCE R. I.

1840 1870

THE PAIN KILLER.

This celebrated medicine has won a deservedly high reputation as an alleviator of pain and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every family. It is recommended by physicians and persons of all classes, and to-day, after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the wide world. Its large and increasing sale affords positive evidence of its enduring fame. We do not deem it necessary to say much in its favor as one small bottle will do more to convince you of its efficacy than all the advertisements in the world. Give it one fair trial and you would not be without it for ten times its cost.

Directions accompany each bottle.

Sold by all Druggists.

Price 25 cts., 50 cts., and $1 per bottle.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

190 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $5 5,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as in the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $3,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment" policies.
17. The amount of new business during the year ending "December, 1, 1869, was $51,931,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division; and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.

Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, the property will be immensely valuable. The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen, & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity economy and durability, astonishes all who see it; and the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1865.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. So t, clear, steady and uninjurious to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combustion Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

"Not to Be Data to render values guaranteed" as an endorsement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 p. 402, desire of having paid larger surrender values, than has been given under a minimum "Cash Surrender Value." *Death* losses have not occurred, out of *several hundred* policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "Fictitious" *Dividends* are not declared, but Dividends are given from the actual surplus, in accordance with the Company's Charter. POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York exempt Companies in that State to calculate the Cash values of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important assurance. It will be found in the BROOKLYN LIFE.
